**HOUSE . . . . . No. 177**

By Ms. Wolf of Cambridge, a petition (accompanied by bill, House, No. 177) of Alice K. Wolf and others relative to school exclusion data and school dropout reduction. Education.

**The Commonwealth of Massachusetts**

An Act to respond to school exclusion data and reduce school dropouts.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 Chapter 71 of the General Laws is hereby amended by inserting after section 37H ½ the  
2 following section: -

3 Section 37H ¾. (1) Each superintendent of schools shall notify the commissioner of  
4 education of all disciplinary exclusions of students from school, and shall report to the  
5 commissioner the alternative education services provided to students. On or before September 1,  
6 the commissioner shall file an annual report with the joint committee on education, arts and  
7 humanities, and with the offices of the clerks for the house of representatives and the senate,  
8 concerning the number of disciplinary exclusions in public schools, by grade level, race, gender,  
9 special education status, socioeconomic status, and English language proficiency, the duration of  
10 exclusions, the reasons for exclusions, the total number of school days in the school year  
11 students were excluded from school, the alternative education options provided to students and  
12 the number of students re-admitted under the provisions of this section. The department shall  
13 use its existing data collection tools to obtain this expanded information from districts and shall  
14 modify those tools as necessary to obtain the information. Each superintendent shall ensure that  
15 the annual reporting of data on disciplinary exclusions is made on or before August 1 to the  
16 commissioner. To ensure consistency with federal reporting requirements, annual reports from  
17 the superintendents and the commissioner required by this subsection shall collect and report  
18 publicly the disaggregated school discipline data at the state and district level for all students,  
19 including those not identified as having a disability, by all categories currently required by 20  
20 U.S.C. § 1418.

21 (2) The commissioner of education shall analyze the disciplinary exclusion data received  
22 from the superintendents, and shall meet, at minimum, the federal requirements at 20 U.S.C.  
23 §1412(a)(22). Pursuant to regulations to be promulgated by the department, for each school that  
24 excludes a significant number of students for more than ten days cumulatively in a school year,  
25 the commissioner shall investigate and, as appropriate, shall recommend models that incorporate

26 intermediary steps prior to the use of exclusion. The results of the analysis shall be publicly  
27 reported at the school district level.
