The Commonwealth of Massachusetts

An Act relative to a child health policy council.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

1 The General Laws are hereby amended by inserting after Section 16S of Chapter 6A the  
2 following sections: -

3 Section 16T (a) In this section, of this chapter, the following words shall, unless the  
4 context clearly requires otherwise, have the following meanings:

5 “Child” shall mean a person under the age of 21.

6 “Subspecialty” shall mean a medical or behavioral health clinical service requiring  
7 additional education and training and subject to national certification standards.

8 “Behavioral health” shall mean mental health, developmental medicine or substance  
9 abuse services.

10 (b) (1) There shall be a child health policy council within, but not subject to control of, the  
11 executive office of health and human services. The council shall advise the governor, the general  
12 court, the secretary of health and human services and the commissioner of the division of  
13 insurance.

14 (2) The council shall consist of not fewer than 22 members and shall be comprised of:

15 (i) the following 5 members, who shall serve ex officio: the commissioner of health care  
16 finance and policy, who shall serve as chair, the commissioner of public health, the  
17 commissioner of insurance, the commissioner of mental health and the director of Medicaid, or  
18 their designees;

19 (ii) additional persons appointed by the secretary of health and human services from the  
20 aforementioned agencies and from the executive office of health and human services; and

21 (iii) 17 public members including 2 representatives from pediatric hospitals or pediatric  
22 specialty units as defined in chapter 118G, 3 board certified primary care providers one of whom  
23 shall be board certified in adolescent medicine, one of whom shall be board certified in  
24 developmental behavioral pediatrics, 2 board certified pediatric subspecialists, 3 behavioral  
25 health providers one of whom has expertise in child and adolescent psychiatry, one in  
26 psychology and one in social work, 1 pediatric nurse or nurse practitioner, 2 child health  
27 advocates at least one of whom represents children with special health care needs, 2 community  
28 agencies that provide child or behavioral health services, 2 health plan representatives who are  
29 board certified in pediatrics or a pediatric subspecialty.

30 (3) The terms for public members shall be 3 years. Upon the expiration of his term, a  
31 nongovernmental member shall serve until a successor has been appointed; provided, however,  
32 that if a vacancy exists prior to the expiration of a term, another nongovernmental member shall  
33 be appointed to complete the unexpired term.

34 (4) The meetings of the council shall comply with chapter 30A, except that the council,  
35 through its by-laws, may provide for executive sessions of the council. No action of the council  
36 shall be taken in an executive session.

37 (5) The members of the council shall not receive a salary or per diem allowance for  
38 serving as members of the council, but shall be reimbursed for actual and necessary expenses  
39 reasonably incurred in the performance of their duties.

40 (c) The council shall be guided in its work by the following principles:

41 (1) health care expenditures for children are made for the long term. Payors and  
42 policymakers should account for the lifetime impact of child health investments in their decision-  
43 making;

44 (2) children have a right to timely access to primary, preventive medical, behavioral and  
45 developmental screenings and services;

46 (3) children have the right to be treated by clinicians with training and expertise in  
47 addressing their specialized health care needs;

48 (4) children and parents have a right to know whether their insurance provides necessary  
49 access to pediatricians, pediatric subspecialists and pediatric facilities

50 (5) children have a right to quality care in inpatient, outpatient, subspecialty, primary  
51 care and behavioral health settings.

52 (d) The council shall have the following powers and duties:

53 (1) establishing expert panels, workgroups or advisory committees with such additional  
54 members and expertise as is necessary to accomplish the work of the council;

55 (2) reviewing and recommending proposed health care quality standards and measures  
56 for child health providers across delivery settings including inpatient, outpatient, subspecialty,  
57 behavioral and primary care practices. The council shall recommend nationally-validated  
58 measures where possible, and shall assure that appropriate risk adjustments are incorporated.  
59 Said standards and measures shall presumptively be used by the commonwealth in its role as a  
60 health care purchaser through the health access programs established under chapter 118E and the  
61 group insurance commission, and in its public reporting of quality performance through the  
62 departments of public health and health care finance and policy. Said standards and measures  
63 shall also inform the division of insurance when it reviews proposed health plan offerings.

64 (3) recommending standards for adequate pediatric access including inpatient, outpatient,  
65 subspecialty, behavioral and primary care practices. The council shall review available data and  
66 shall assure that the commonwealth collects necessary information on pediatric capacity through  
67 its licensure and registration processes. The council may propose licensure or credentialing  
68 standards designed to assure that child and behavioral health providers have necessary training  
69 and expertise. Said standards shall inform the division of insurance when it reviews proposed  
70 health plan offerings.

71 (4) reviewing and recommending actuarial and rate setting models that assure adequate  
72 funding of child health services within the overall health care delivery system. Said models and  
73 approaches shall specifically address the lifetime return on investment and impact of child health  
74 expenditures.

75 (5) recommending common transparency and reporting approaches for child health  
76 services designed to assure that children and families have adequate information about the  
77 availability, quality and cost of child and behavioral health services provided by public and  
78 private payors.

79 (6) requesting relevant data, information and reports on child health services, providers,  
80 and insurance coverage from state agencies;

81 (7) reviewing and recommending policy approaches, care delivery and payment reforms  
82 designed to assure that child health needs are addressed within the overall health care delivery  
83 system.
